# prologue

The BOHEMIAN was first published in the Spring of 1908. At that time photography had not developed into the highly specialized field it is today. Printing and engraving were tedious processes. For these reasons, the first "Bo" attempted to capture life at Wofford in prose. Her pages were filled with speeches, short stories, poems, jokes, and art, carefully selected from the student body.

During the following years, the BOHEMIAN developed a relatively standard format. Each editor carefully selected from his predecessor those things which were most meaningful and deleted that which proved to be insignificant. Through this process, the modern annual developed.

Perhaps the most significant change that evolved was the extensive use of photography. Taking her cue from history, the 1960 BOHEMIAN places much confidence in the ability of pictures to recall "the thousand words."

Within these pages you will find but a photographic glimpse of the many people who worked, studied, lived, loved, and prayed on this campus during 1959-1960. The complete story is known only in the individual minds and hearts of the "Wally Woffords."

If this book, in picture and prose, helps you to recall your story, then this endeavor will not have been in vain.

On the city's northern border, — Reared against the sky,  
Proudly stands our Alma Mater — As the years go by.

## CHORUS

May it ever be our watchword, — "Conquer and prevail."

Hail to thee, our Alma Mater,  
Dear old Wofford, hail!

Cherished by thy sons forever — Memories sweet will throng.

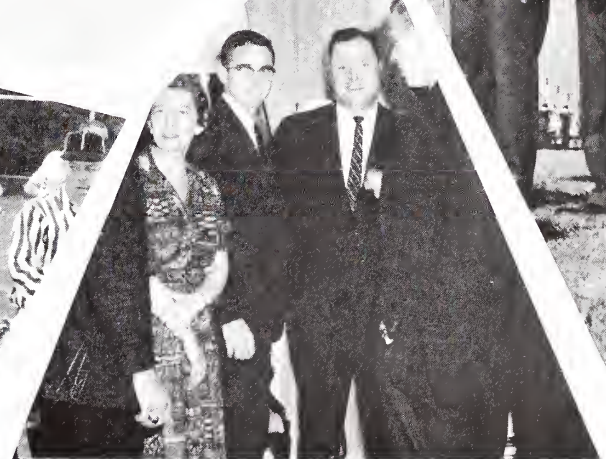

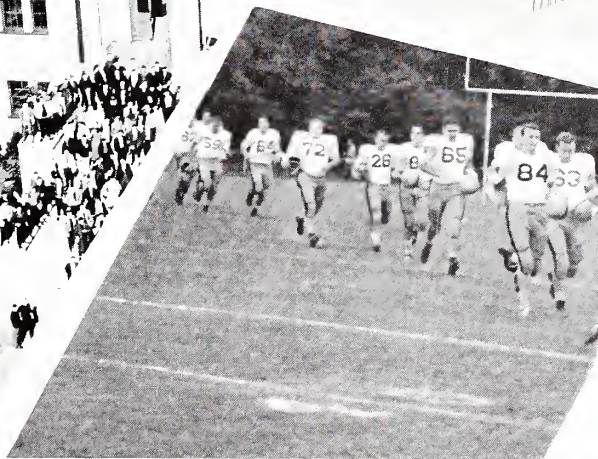

'Round our hearts, dear Alma Mater, — As we sing thy song.

When we from thy halls are parted, — And life's battle's on,

Thy great spirit shall inspire us — 'Til eternal dawn.

THE STORY of my life.

DON AND "DAD" exchange proud glances as Dr. Marsh presents Mr. and Mrs. LaTorre, "The Parents of the Year", during half-time ceremonies.

# OUR PRESIDENT Charles F. Marsh

DR. CAVIN, ROTC Color Guard, DR. MARSH and BISHOP HARMON, at the head of the Academic Procession on Inauguration Day.

One of the most unique responsibilities and greatest privileges of the Staff of the 1960 BOHEMIAN was to carefully examine the past, the present, and as best it might the future, seeking a particular ideal or individual that has had or will have a profound effect upon the lives of Wofford men.

Dr. Charles Franklin Marsh has evidenced those traits of character, scholarship, leadership, and humility that are hallmarks of great men. He entered our "Little White House" as Wofford and our great nation reached a new era in history that demands determined Christian leadership.

The BOHEMIAN Staff is confident that Dr. Marsh will be able to lead this small, liberal arts college to her potential position of influence in our beloved Southland. To the man and to the great challenge that lies before him we dedicate the 1960 BOHEMIAN.

Dr. Charles Franklin Marsh, eighth president of Wofford College, is a native of Antigo,

Wisconsin. He received the Bachelor of Arts degree cum laude from Lawrence College, Appleton, Wisconsin, where he was a member of Phi Beta Kappa. In 1926 he received the Master of Arts degree from the University of Illinois and in 1928 the Ph.D. degree from that university.

After two years as instructor of Economics at American University in Washington, D. C., he accepted a professorship from William and Mary College. At William and Mary he became Chairman of the Business Administration and Economics Department in 1941 and Dean of the College in 1952.

Dr. Marsh was inaugurated President of Wofford College by Bishop Nolan B. Harmon in 1959.

Dr. Marsh married the former Miss Chloro Nancy Thurman and they have two children, Dr. John Charles Marsh, and Nancy Harriet Marsh.

# BOARD OF TRUSTEES

This body of twenty-one members serves as the administrative "brain trust" of the college. It is charged with the task of keeping the college close to the purpose for which she was founded—that of providing the best possible in Christian higher education. It is full realization of their responsibility that led them to initiate plans for a Fund Campaign.

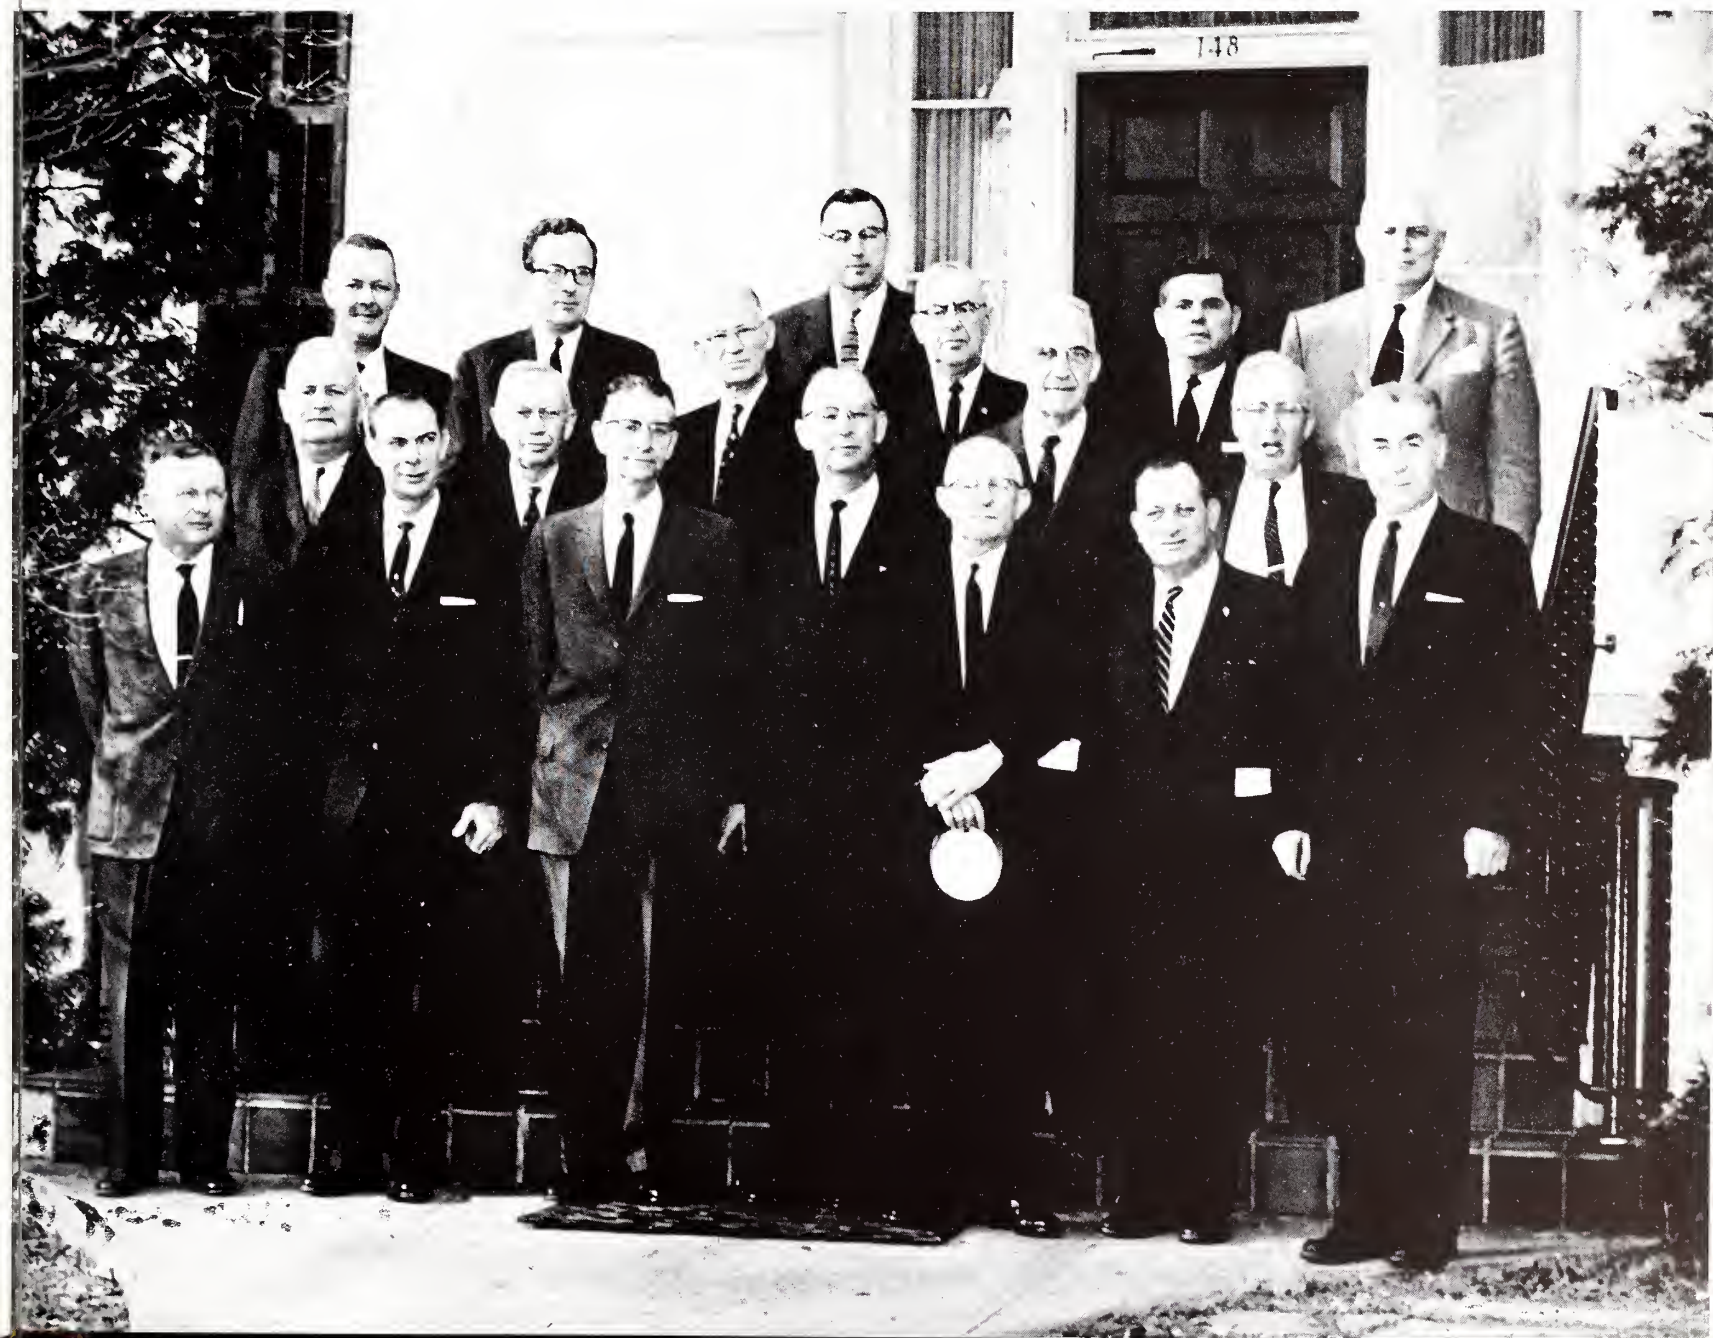

Working in close cooperation with Dr. Marsh, the Board presented the South Carolina Conference of the Methodist Church with a "twin-bill" plan to raise \$3,200,000.00 to meet the immediate needs of the college. Half of this

sum is being solicited from non-alumni and non-Methodists with the balance to be raised through the Methodist Church.

The Board, ten of whom are ministers and eleven laymen, carefully outlined the most important needs of the college and provided sound measures to assure the use of the donations in areas of greatest need.

The plan promulgated by the Board is not one totally concerned with brick and steel but provides for increased faculty salaries, more scholarships for worthy students and other educational advancements.

## THE FACULTY

A striking feature of Wofford's history has been the fact that a surprisingly large number of faculty members have chosen to remain with this small college throughout their teaching careers, many for forty or more years. Why has Wofford seemed a good place to spend one's life? Partly because it is a small liberal arts college, for men only, with a large degree of harmony and cooperation among administration, faculty and students; in no small measure because it is the heir of a fine tradition and enjoys a respectable reputation in educational circles; but most of all, for most Wofford teachers, because Wofford is dedicated to the ideal of uniting religion and learning in the training of men.

## THE FACULTY

**BIOLOGY DEPARTMENT.** Headed by Dr. Leonard, this department has become widely known for its academic standards. Grads are widely accepted by medical and dental schools. Students who enroll in basic courses but do not major in biology will remember the weekly labs where they "butchered" frogs, fetal pigs and a finger or two. Professor Dobbs . . . perhaps the best lecturer on campus, throws hard quizzes and long lab practicals, studies as he teaches, anatomy is his roughest, offers good advice in and out of class. Dr. Ferchau . . . the students' friend and assistant . . . easy to know, informal lectures and classes . . . trips to marine lab at Beaufort, N. C. . . . botanist and ecologist . . . friends from Duke . . . loves to chat over a cup of coffee in the canteen. Dr. Leonard . . . comparative and physiology are his specialties . . . trace circulation in the 33 hr. chick . . . hard and comprehensive quizzes . . . good lectures with numerous drawings on the board . . . easy acquaintances . . . from Tennessee.

**BUSINESS ADMINISTRATION AND ECONOMICS.** Under the direction of Professor Wright, the Bus. Ad. and Eco. Department tries to give the student of business an understanding of the organization and underlying principles of the economic life. The year 1959-60 found Wofford with new and vigorous professors strengthening the department and attracting more and better students. Professor Willis . . . bow tie, smile, chats in the canteen, BOHEMIAN advisor, attractive wife, "If I don't know, I'll look it up", sometimes hard to tell from student, young, eager, sharp. Professor Wright . . . friend of Willis, easy going, likeable, good lecturer, also young, also sharp, puts each man in a certain seat, always carries his satchel, likes Buice's coffee and "chatting".

**CHEMISTRY.** The Chemistry Department now awaiting the completion of our new Science Hall struggled through this academic year in cramped quarters. Professor Patterson, chairman of the department, made a great sacrifice to the Progress of Wofford College. He gave up the classes for Spartanburg General Hospital nurses. Dr. Cavin . . . Wofford grad . . . Who's Who . . . active Methodist layman . . . demands academic excellence . . . gets it . . . birds and bees afternoon

American Chemical Society advisor . . . founded it on Wofford campus. Prof. Patterson . . . slow and easy drawl . . . half-moon specs . . . love Ole Main . . . sympathetic with the frosh . . . eager to move into new Science Hall.

EDUCATION DEPARTMENT. See Psychology and Education Department. Dr. Prince . . . true or false . . . oral reports . . . discipline committee . . . lectures from book but makes it interesting . . . rain hat . . . very friendly and popular among the student body at large . . . demands correct grammatical usage and spelling

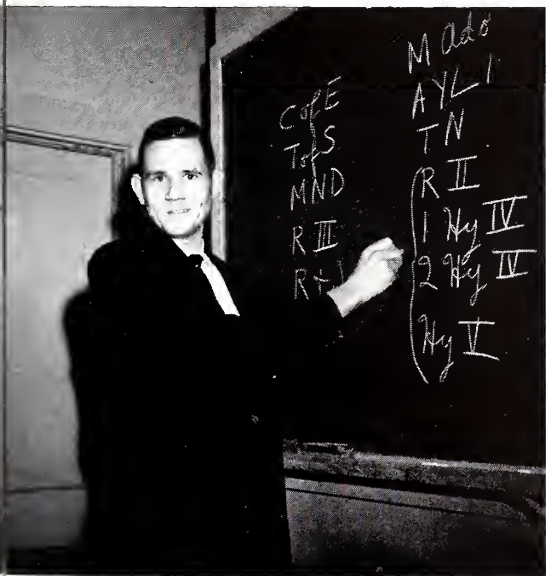

ENGLISH DEPARTMENT. Under the chairmanship of Dr. Chewning, the department of English offers a comprehensive

study of English Literature as a stimulant to interest in and understanding of the language. The aim of the department is to teach proficiency in using, speaking, and writing the language of our culture. Dr. Chewning . . . "Mr. Student, you read the part of Juliet" . . . battered hat . . . stresses grammar . . . Furman grad . . . bow tie . . . detailed tests . . . chairman of department . . . Prof. Coates . . . ## THE FACULTY

FOREIGN LANGUAGES. The language department has as its chairman Dr. G. S. C. Adams. This department offers elementary, intermediate, and advanced courses in German, Russian, Latin, Spanish and Greek. Wofford takes great pride in being one of the first small colleges to offer courses in the Russian language. Professor Bourne . . . offers an education and philosophy to any who listen . . . "Abysmal ignorance, utter nonsense, sheer stupidity" . . . feared, yet greatly respected . . . tremendous store of knowledge blended with much wisdom . . . long remembered, with reason. Madame Gagarine . . . master of three languages . . . petite . . . escaped from Russia before Communist assumed power . . . first woman on the Wofford faculty . . . scholar . . . greets her students in

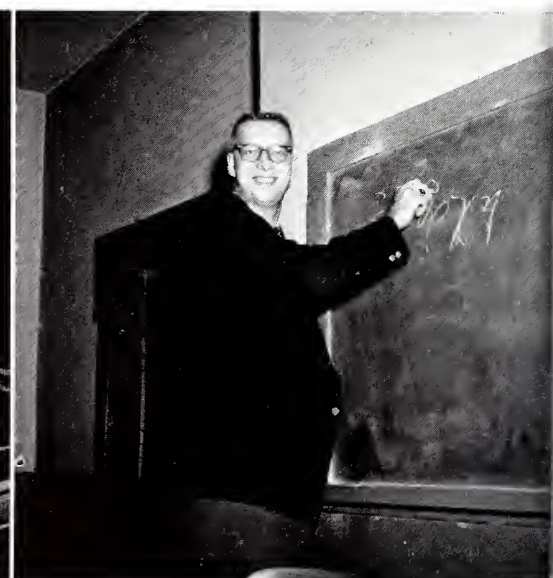

cordial Russian . . . tremendous asset to entire college. Dr. Adams . . . Spanish and French . . . very friendly . . . easy going . . . Columbia . . . debate coach . . . Plymouth station wagon for young family . . . briefcase . . . makes Spanish comprehensible . . . drops into canteen for coffee and conversation. Dr. Morris . . . young professor of Greek . . . divides time between Wofford and Converse . . . provides a more than adequate knowledge of the language to serious students . . . discomfort for the not so serious. Professor Salmon . . . head of department for many years . . . devotes his time to Spanish . . . has taught French and German . . . chaperones many social functions . . . devoted life to Wofford students . . . quite able professor . . . and a Christian gentleman of the first order.

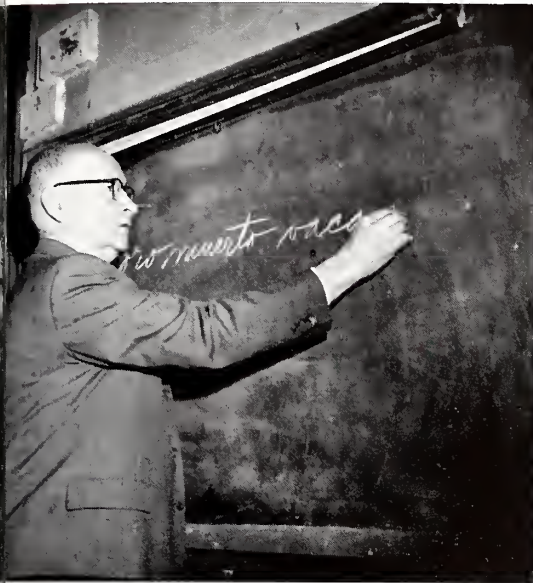

GOVERNMENT DEPARTMENT. Subject matter is essential to good citizenship in a democracy. Primary objective of the department is the examination of the organization and machinery of government, political theory, and politics. The student

HISTORY DEPARTMENT. For many years this department was headed by South Carolina's most noted history professor, Dr. D. D. Wallace. His close friend and equally scholarly associate, Dr. C. E. Cauthen now occupies the chairmanship. In this field, the student has required and elective courses that are designed to enrich his understanding of his own American heritage as well as provide him with the great historical events and traditions that make up the basic background of the history of Western Man. Professor Carlson . . . young . . . vivid and overtime lectures . . . death to lazy frosh . . . and upperclass-

men . . . medieval his roughest . . . shows genuine interest in students . . . easy to hear . . . very hard quizzes . . . and exams. Dr. Cauthen . . . ## THE FACULTY

**APPLIED MATH DEPARTMENT.** The Applied Math Department is oriented to give the student a general background in the fields of mechanical drawing, electricity, and surveying. The instruction is composed of both lecture and lab sessions with special emphasis being given to farm surveying, terracing and blue printing. Professor Glenn . . . one man department . . . knows his field . . . able teacher . . . admirable man . . . commutes from Greer . . . Wofford man at heart.

**MATHEMATICS DEPARTMENT.** Under the direction of Professor Hill, the department introduces the student to some concepts of modern mathematics early in his college career, and strives to cultivate habits of logical thought and of clear and exact expression. Respected for its academic excellence this department habitually produces distinguished graduates who are widely sought by graduate schools. Professor Hill . . . soft spoken . . . easy going . . . Rhodes Scholar . . . makes

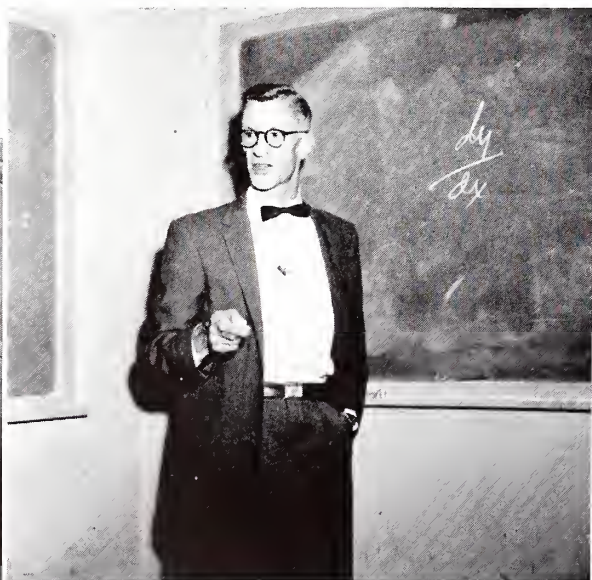

things look so easy . . . subtle humor charms you . . . highly respected . . . never too busy to talk with students. Professor Pegram . . . also soft spoken . . . rough quizzes . . . out of doors man . . . enjoys his 10:30 coffee . . . amateur astronomer . . . Do what? . . . always handy to chat or advise. Professor Hancock . . . young . . . sharp witted . . . well liked . . . golfer . . . flashy dresser . . . accomplished musician . . . "topological spaces and homeomorphisms" . . . modern math is his specialty.

**MUSIC AND ART APPRECIATION DEPARTMENT.** Mr. Sam Moyer, professor of the department, through his unusually enjoyable presentation of the subject matter allows this department much popularity among the student body. His classes are as interesting as they are informative. Music is his life and art a great pleasure to him. He achieves the name of the department as well as presenting much sound philosophy. Professor Moyer . . . "Sam" . . . Glee Club . . . April fool . . . "You've got to educate the public, slowly, to appreciate good music" . . . almost an institution . . . well known and highly respected for his ability as a musician.

**PHYSICS DEPARTMENT.** This department is headed by Professor Parker, and in it the student has an opportunity to study such aspects of physics as heat, wave motion, electricity, light and atomic theory. With the addition of Dr. Blevins, the department is well on its way to recognition as one of the strongest in physics found in small, liberal arts colleges. Dr. Blevins . . . humorous, but difficult problems . . . "Let's see, which method shall we use to solve this one?" . . . new ideas every day . . . anti-gravity theory . . . "Zo" . . . writes a lot on the board . . . very, very sharp . . . had many offers from many schools . . . chose Wofford . . . glad he did. Professor Parker . . . "Uh, I'm not sure about this problem" . . . but he usually is . . . mustache . . . ardent supporter of all athletic teams . . . calls his students by familiar names, not "Mr." . . . knows his stuff.

**PHILOSOPHY DEPARTMENT.** The Philosophy Department under the chairmanship of a new faculty member, Professor Pieter van Nuis, has as its objective to lead students to understand that a knowledge of the fundamentals of philosophy must comprise at least a small part of the education of a person if he is to live wisely. Dr. Colloms . . . active member of

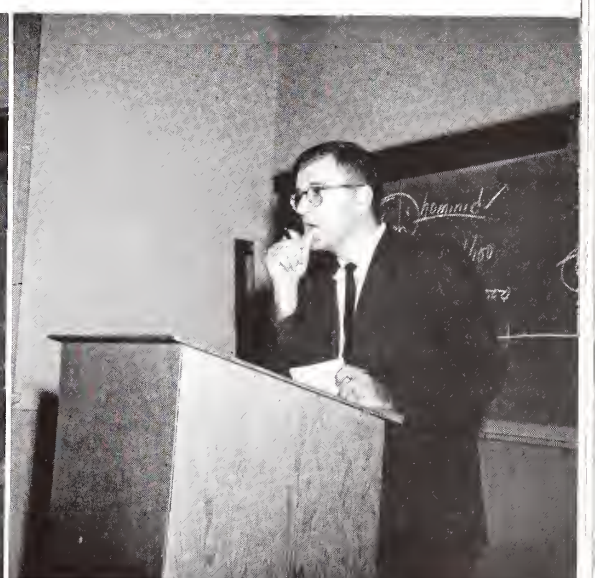

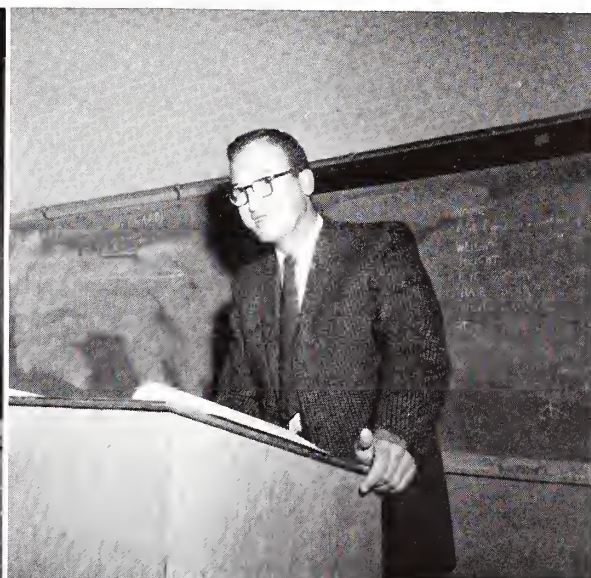

Methodist Church . . . "Perceive that tree" . . . "Raise the window" . . . discussion tests on broad subjects . . . long time member of the Wofford faculty . . . robust laughter . . . loves Wofford. Professor van Nuis assigns a great deal of parallel reading . . . new man on campus . . . willing to discuss philosophy any time, any place over a cup of coffee . . . enjoys smoking . . . brilliant . . . shoots a good game of billiards . . . has a lot to offer the serious student . . . friend of Duke.

**THE PSYCHOLOGY AND EDUCATION DEPARTMENT.** Psychology and Education are presently combined into a single department. Some scholars advocate a strict division of the two but for practical administrative procedure at Wofford they are merged under the chairmanship of Professor Duke. Professor Duke . . . "Sandy" . . . informal lectures that are very interesting and informative . . . first year as a prof . . . single . . . eats in dining hall where he gladly chats with students . . . Renault . . . late hours of study . . . applies psychology to his teaching endeavors . . . asset to department. Professor Halligan . . . inhabits the infirmary . . . no parallel . . . practice teaching . . . dresses very neatly . . . dachslund . . . smiles . . . **PHYSICAL EDUCATION DEPARTMENT.** In this department, the emphasis is on promoting health, growth, and development of the body. Activities such as volleyball, tumbling, basketball, football, and others are made available to a student. Advanced courses prepare the student for teaching physical education and coaching in a high school. The department is headed by Professor Scheerer. Professor Caldwell . . . training room . . . new man on campus . . . friendly and very understanding . . . points per game help grades . . . doesn't expect everybody to be a star, but to do his best . . . exam from phys ed manual. Professor Scheerer . . . versatile athlete . . . stays in excellent condition . . . invented blitz ball . . . devised a game played with dice that is analogous to baseball . . . very likeable . . . good prof.

**RELIGION DEPARTMENT.** Under the direction of Dr. Nesbitt, this department has a two-fold purpose in the curriculum of the school. First, it provides a series of studies in the field of religion as foundations for a better understanding of the Christian faith and its practice among college students. Secondly, it enables the college, as a church related institution, to meet its obligations to its constituency more fully. Dr. Nesbitt . . . always on time . . . complains because the bell is not . . . very neat dresser . . . saintly white hair and mild manner . . . conducts very orderly lectures . . . gives thorough

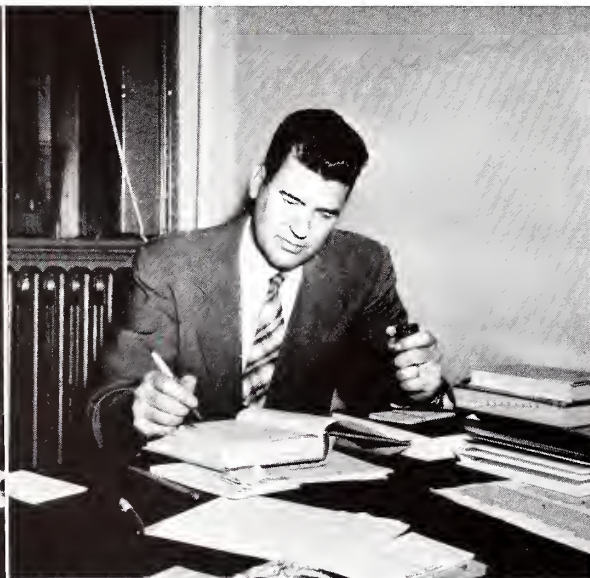

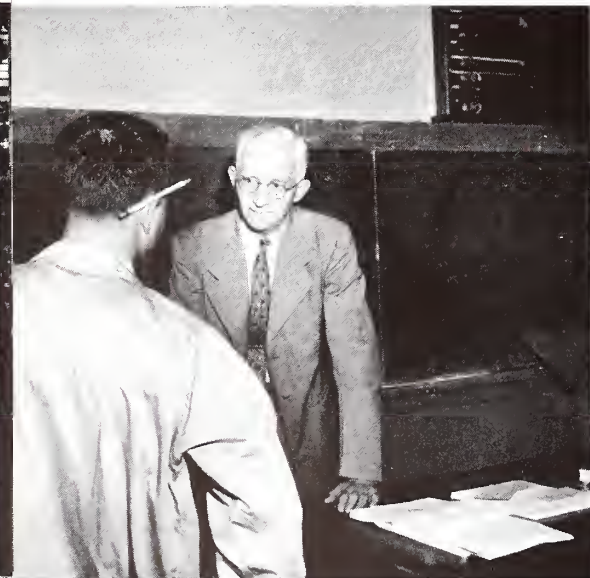

quizzes and exams . . . a scholar who challenges muddled concepts. Professor Griffin . . . spends much time working with the SCA . . . little green chevy that stays on campus . . . family man . . . challenges even the most naive . . . from Georgia . . . studies a great deal . . . Contemporary theology his most difficult and provocative.

**SOCIOLOGY DEPARTMENT.** Under the guidance of Dr. Norton, the Sociology Department offers the student a thorough background of the theories, development, structure, research methods, and functioning of social institutions. It also stresses the application of sociological knowledge to human relations in the contemporary world. Dr. Adams . . . few lectures . . . wide variety of class discussion . . . veteran . . . worked in mental hospital . . . very much concerned with his students . . . "What do you thnk?" . . . stays in his office almost every afternoon studying . . . encourages reading primary sources . . . doesn't force his opinions on students. Dr. Norton . . . rain or snow, he'll always show . . . exams count fifty per cent . . . Lapland . . . Bantus . . . cartoonist . . . "Scrooge" . . . true or false . . . book reports on cards . . . assigns 14 to 20 pages per class . . . Phi Beta Kappa Key . . . stick pin . . . many years devoted to Wofford . . . served as Acting President . . . race relations . . . juvenile delinquency.

MILITARY DEPARTMENT.

For thirty-nine years Wofford College has had an active Reserve Officers Training Corps. In 1953 the Wofford detachment was given the General R. O. T. C. rating in place of the strictly Infantry program. The purpose of this department is to train Wofford men through a four-year program, which includes a six-weeks summer training program following the Junior year, to be commissioned in the United States Army Reserve.

During his second year as Professor of Military Science and Tactics Colonel Edward R. Maddox initiated many new and helpful phases to the training of the cadet corps. Extension courses from Ft. Benning were offered to upperclassmen to more adequately prepare them for their future duties. A nationally recognized military unit, the Pershing Rifles was organized and performed several times during the year at major events. The effectiveness of Wofford's program is easily recognized

when examining the relative standings of her men during the summer camp program.

Col. Maddox . . . soft spoken . . . but stern . . . quiet dignity . . . respected by his comrades in arms . . . spotless eagle . . . Normandy to Alaska . . . saved an arm by pleading with medics to leave it alone while on Normandy beach . . . the right arm of the Army is Infantry . . . excellent public relations is something he demands and gets. Capt. Feicht . . . "Gung-ho" . . . very active . . . aggressive . . . enjoys the drill period . . . Artillery . . . can give and take orders like a good soldier . . . "Your objective is . . ." Capt. Graham . . . likes army life . . . Ranger . . . bachelor . . . big car . . . stickler for "correct use of uniform." Capt. Lewis . . . studied tactics on Korean battlefield . . . family man . . . humorous . . . "a good soldier must be prepared for . . ."

OLE MAIN

The three photographs on these pages give some insight to Wofford's physical plant. Ole Main is the center of Wofford's tradition and is scheduled to undergo extensive renovation next year. The Cleveland Science Hall was demolished to make way for one of the most modern science buildings in the South.

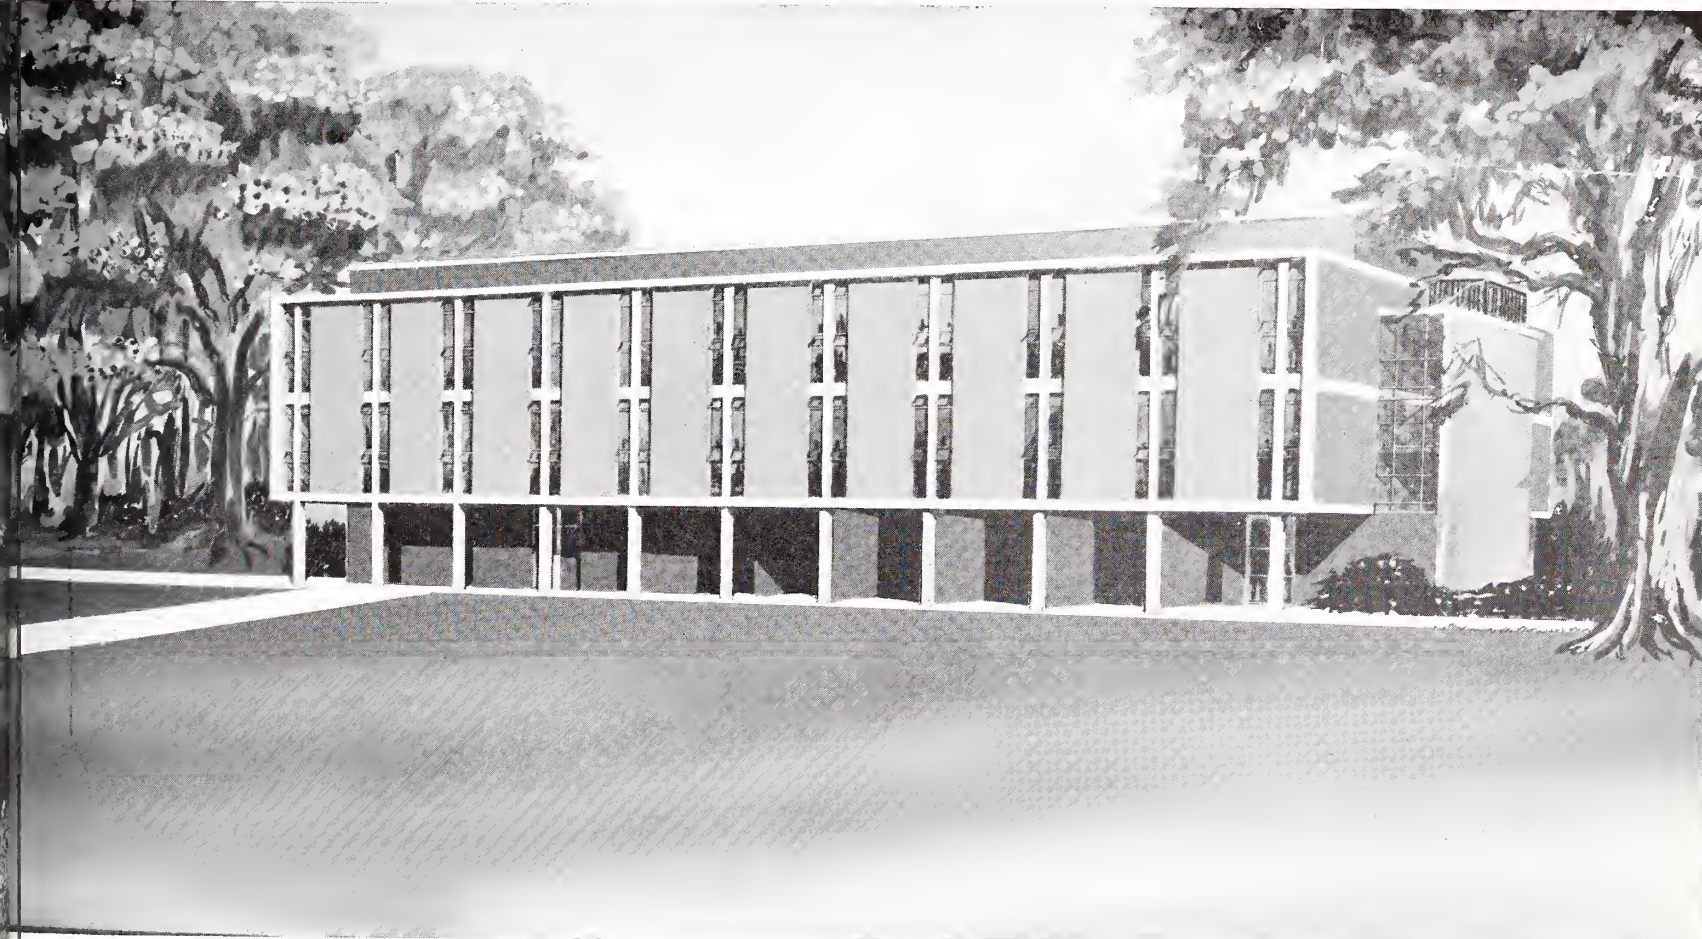

The gracefully old . . . the inadequate . . . the modern . . .

THE CLEVELAND SCIENCE HALL falls victim of the "Atomic Age".

## Senior Order of GNOMES

Each year, the Senior Order of Gnomes, recognized as Wofford's highest honorary group, brings together the most outstanding and influential members of the Senior Class. Varying from three to five over the years, members are selected for outstanding leadership ability and wide participation in college activities. The group is itself perpetuating, as graduating members of the Order select outstanding members of the Junior Class for this honor. This year's "big four" are pictured on this page.

## Sketches of Junior Class

Boys from home, the future gentlemen of Wofford . . . Leave Snyder Hall, motorcade to Skyuka, packed in trucks . . . Ram, mud and hot dogs . . . S.C.A., Student Council and rules, rules, rules . . . Registration, profs, books, classes, and utter chaos . . . Dorm life, Miss H., Jiggs, and ratting with the beloved upper classmen . . . Dates with college girls, football games, and especially Orangeburg . . . Rush and pledging frats, Winter Ball, Xmas, and exams . . . New semester, more academic labor for some . . . Time flies, Spring socials, Easter, Frat weekends . . . Finals and Home. Mighty sophomores, know way around, harder work, more fun . . . Rush freshmen, dances, holidays, sociable Sprins, and exams. Summer . . . Then Juniors, last Citadel game . . . Frat spirit, trips to Tyron . . . Spring and end of third year!

THE S. A. E.s exuberantly greet the new pledges on the "Day of Decision".

WESTMORELAND welcomes Roy Kirton to the Pi Kappa Phi fellowship.

## RUSHING

A new world, "Remember us when you pick up your bid," dances, girls, sandwiches, more dances, long nights of thinking, smokers, "which way do you think you'll go?" "Do they cost much?" Which way should I go? Which way should I go? Silent weekend, which way should I go? Dean Logan and long line, Pledge Service, Great to be in, I made the right decision. Then came . . . "Pledge, come here."

THE KAPPA SIGS provided an open door and a covey of Brothers to frosh who found their way to the center of the horseshoe.

CARRINGTON makes one of the K. A. pledges feel right at home.

COKES, eigarettes, and Smithyman were the order of the day at the PiKA House.

IT'S NOT FOR KNOWLEDGE that we came to college but to . . .

## RATTING

Bill Whetsel, Yes SIR, No, Sir, But Sir, "I have a lady I want you to write." What's the motto of Wofford College? How many steps are there in front of Ole Main . . . well count them! Ties to supper. "That's the worst rat sign I've ever seen." Rat Court, Bad Rat, Bad Rat, Run, Rat run. New friends. Wait 'til next year. Come by my room after supper. Carlisle Hall-home free. Tug-O-War. Free for all. Wofford Gentlemen.

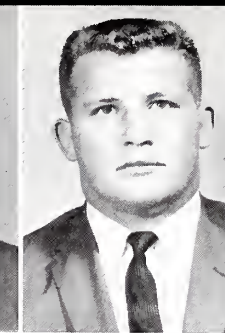

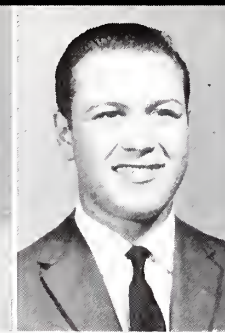

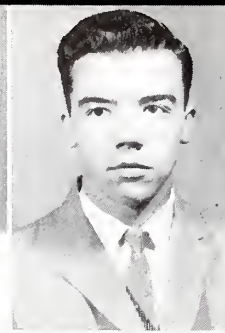

AN ELON CHEERLEADER expresses friendship to the dismay of the other Rats (and envy).

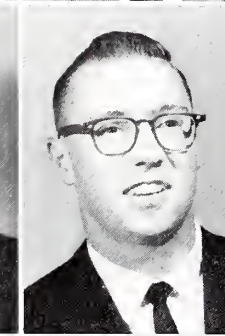

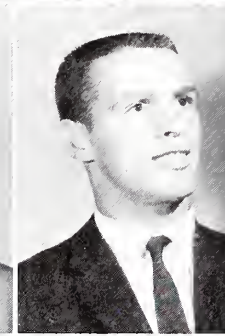

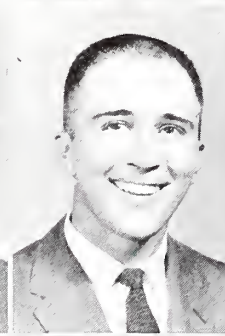

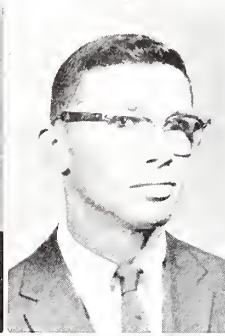

"WHERE'S Bill Whetsell?"

AND THE FIRE TRUCK came to put it out.

The Staff of the 1960 BOHEMIAN in cooperation with the Wofford Administration initiated the first annual "Miss BOHEMIAN Weekend" on the Wofford campus. This contest brought to the Wofford campus beauties selected by a committee from entrees submitted by the student body.

While on campus, the young ladies were photographed and these pictures were forwarded to the Kingston Trio. Their decision was a difficult one to make.

Congratulations to these five contestants chosen to represent the many young ladies held in high esteem by members of the student body.

## SPONSORS

The origin of sponsors being included in yearbooks has been obscured by the passage of time. The 1908 edition of the *BOHEMIAN* included within its pages sponsors for various classes, officers, and organizations. The selection of a sponsor seems to have been based upon the fact that in days of old most college men had selected the young lady with whom they planned to spend their life.

In later years a sponsor became the individual who had contributed a major portion of one's ambition, happiness or financial stability. For this reason, selected campus leaders used this medium as an expression of appreciation.

## HOMECOMING

"Could you come up for the weekend of Oct. 16-18? . . . Cars from home . . . girls from everywhere . . . Flowers from student council . . . Welcome Alumni . . . Tampa looks tough . . . Will it rain? . . . A worried Jimmy Stuckey . . . defensive football . . . No Wofford TD's in first half . . . then rain . . . no umbrella . . . run for the car . . . back with raincoats . . . umbrellas . . . Queen to be crowned later at dance . . . thoughts of the night before . . . The Pontiacs and Hearts . . . then warm dry clothes and a victory dance . . . or mountains . . . maybe both . . . Ruth Lee Phillips crowned . . . Jerry Bass and Boys . . . sweet, slow . . . a little rock . . . just enough . . . night . . . "Write when you have time" . . . Back to class sleepy and unprepared but happy.

THE "TROOPS", with the help of Jerry Bass and Orchestra, celebrate a soggy 14-7 win over Tampa.

FAMOUS LAST WORDS as the game started, "Aw, it wouldn't rain on Homecoming Day."

WHITLOCK brings the crowd to its feet on what was almost a TD.

BUT LIKE MORTON'S SALT, in Spartanburg, "When it rains, it pours."

AND they did!

THE QUEEN AND HER COURT: Bobby Richardson, Miss Audrey Gibbons, Theron Cochran, Miss Sybil Norris, Glenn Orr, Homecoming Queen; Miss Ruth Lee Phillips, Charhe Harris, Miss Emmie Beth Crooks, Billy Witherspoon, Miss Betty Dawkins, Jerry Campbell, and Miss Janice Reece.

BILL BELK, President of the Dance Association, breathes a sigh of relief that "The Day" has finally arrived.

# DANCE ASSOCIATION

Registration line . . . buy your ticket early . . . \$7.50 for Winter Ball or \$10 for Ball . . . informals following home games . . . and Spring Concert . . . many letters . . . signs on campus . . . *Old G & B* articles . . . much work . . . good dances . . . more work . . . excellent Winter Ball . . . Officers, Bill Belk, President, Hurst Marshall, Brother Carter, Joe Clayton, and Linwood Bradford.

CANDLELIGHT, suits or was it tux or cocktail dresses or evening dresses? Whatever, the music of "Big Name" LAWRENCE ELLIOT was real collegiate.

JOHNNY LIPSCOMB gives Malvin (Hurst) a hand with subtle "Tickets, please."

BROTHER CARTER, Joe Clayton, and Linwood Bradford, pose for the roving eye of Wofford's own Bob Cummings . . . Willis.

# WINTER BALL

Lawrence Elliot at the piano . . . smiling . . . big dance of the year . . . Senior's last one . . . bells and arches . . . Santa and his nine friends . . . Dane Association's orchids . . . dresses and swirling crinolines . . . beautiful girls . . . mild weather . . . candlelight and love . . . candlelight and infatuation . . . "Heavy Joe" of WSPA . . . almost nationwide . . . not quite . . . try again . . . fraternity drop-ins or the Simon . . . back to dance . . . sit one out . . . a fast one . . . excellent music . . . Lawrence OK . . . too soon, good night kiss . . . classes next day . . . O well, let's cut . . . Belk and Crew congrads.

"RAB" AND CAPPIE hate that it's all over.

FUNNY, men never notice the decorations but dates always want a "reminder".

ONE TO REMEMBER even if it wasn't broadcasted nationwide.

# MILITARY BALL

Plans for a long weekend . . . Zodiacs . . . sabers, receiving line . . . Grace Prince . . . Queen of the Ball . . . happy Breland . . . High School Weekend stags . . . uniforms . . . shined brass . . . one Navy man . . . then good nite and snow next morning.

MARSHAL BRELAND escorted Miss Grace Prince, Queen of the Military Ball.

THE POST OFFICE bulletin boards must be right. Women seem to love the man in the uniform (Army, of course).

SOMETIMES it's easy to be alone in a crowd, isn't it, Connelly?

THE ZODIACS, a large attendance, R. O. T. C. uniforms, and dates—all added up to an enjoyable evening

## BAND

The Wofford College Band is most widely noted for its energetic participation in collegiate athletics. Many fans of the Terriers express themselves quite vividly on the contribution of the band to fans and athletes alike. Not only does this group provide pep at football games but under the direction of Mr. Moyer serves the student body in many ways throughout the year.

While the college does provide a small scholarship the many hours of practice and drill are attained through sacrifice and high morale of individual members of the organization.

# SCABBARD AND BLADE

Scabbard and Blade is the national military honor society located in one hundred and thirty colleges and universities which have the reserve officer training program. Scabbard and Blade was organized in 1904 at the University of Wisconsin. Wofford's chapter, "M" Company of the 6th Regiment was chartered in 1928.

Merit is the sole basis for membership in this organization. The cadets elected must possess qualities of leadership and honor. Only junior or senior members of the Reserve Officers Training Corps are eligible for membership.

The members of Scabbard and Blade are as

follows: Clyde W. Allen, Jr., Ernest R. Barefield, Thomas L. Barrack, Dee C. Breeden, Marshall W. Breland, Jr., Boyce F. Brooks, Irvin S. Butler, Jr., Jerry P. Campbell, Sam O. Clardy, Theron G. ## RIFLE TEAM

The Rifle Team held five matches in inter-collegiate competition. Citadel, Presbyterian College, Davidson, Furman, Clemson, and Wofford held matches throughout the academic

year. Rifle Team advisor for this year was Capt. M. M. Lewis and Sgt. C. D. Beck served as instructor.

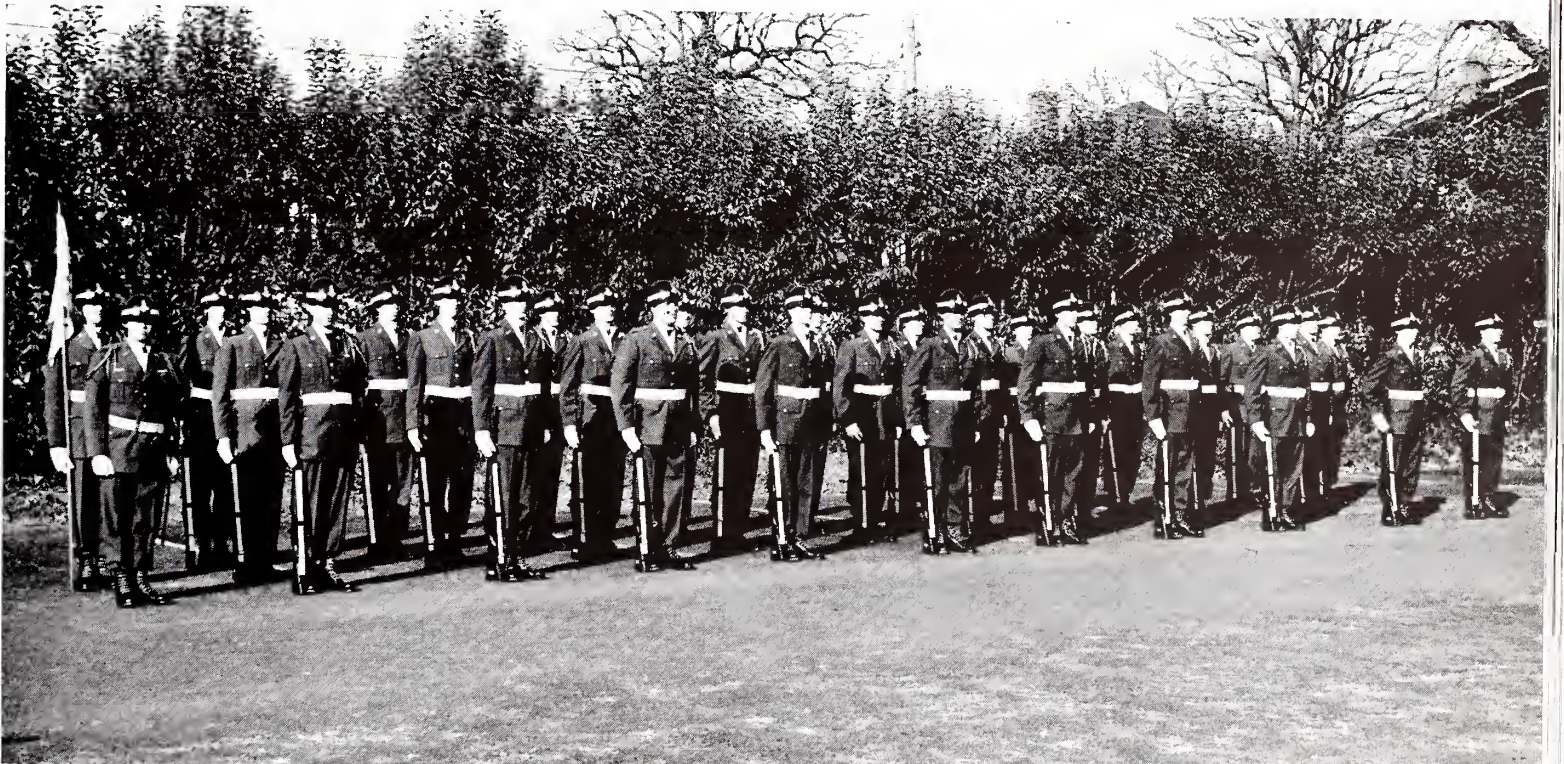

---

## PERSHING RIFLES

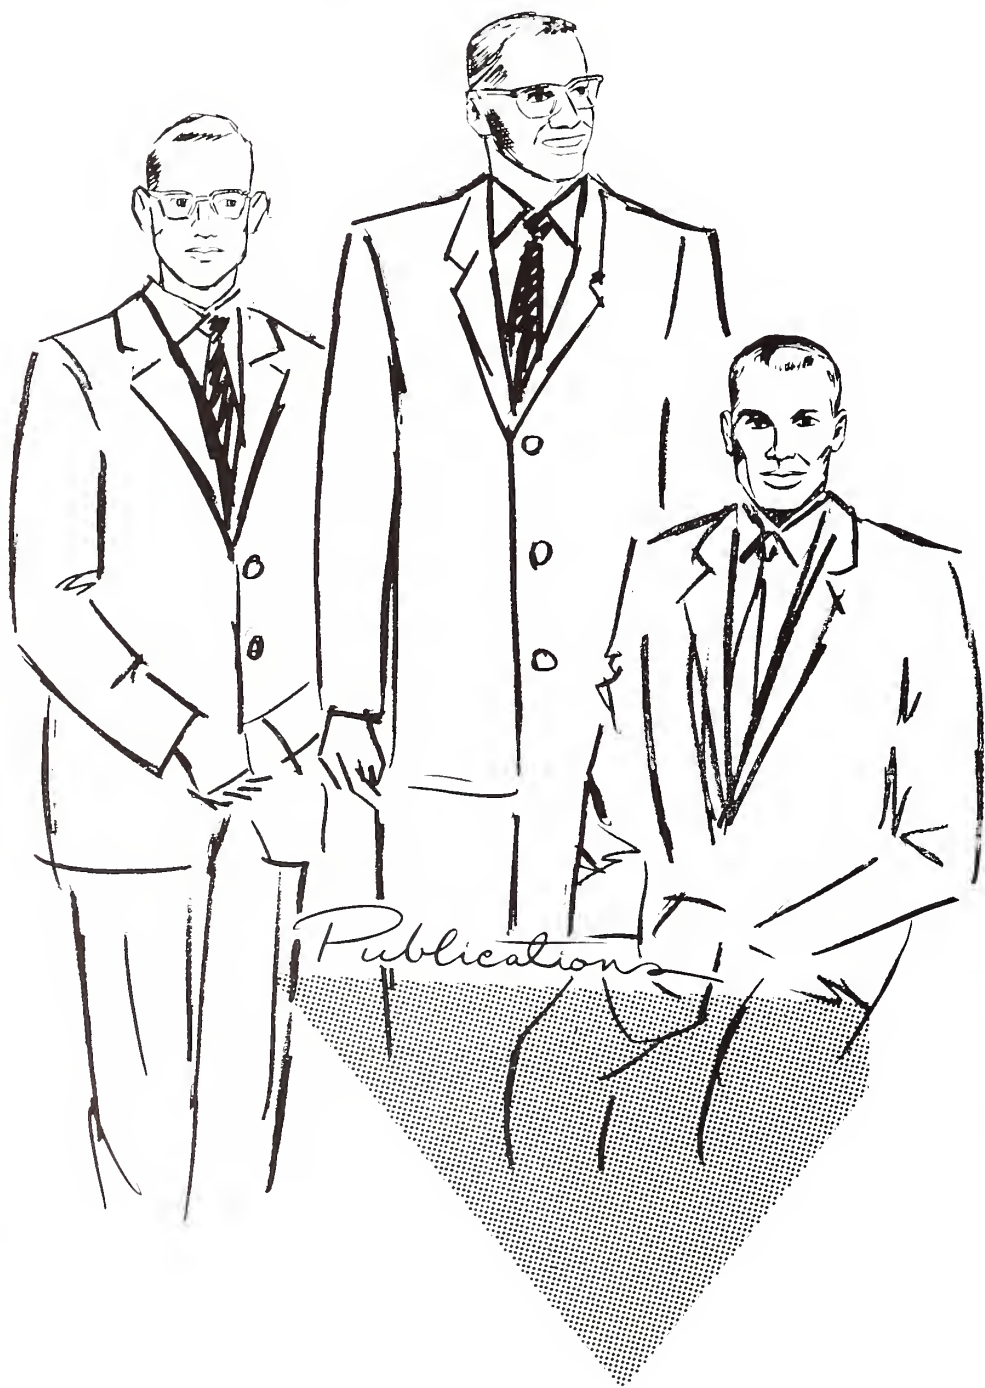

The Pershing Rifles, nationally known crack drill unit, replaced Wofford's Drill Team during first semester and by doing so added greatly to the prestige of the school. Their first appear-

ance under Cadet Captain Breland at half-time of the East Carolina football game began a new page in the history of the school.

Breland, *Commander*; Straitton, *Guidon Bearer*. *First Rank:* Jones, Henry, Willis, Carter, Whetsel, Patton, Stewart, Turner, Dashield, and Douglas. *Second Rank:* Biggs, Lipham, Liscomb, Smith, Thomas, Matthewson, Avant, and Spears. *Third Row:* McMeekin, Foy, Duckett, Judy, Bruce, Paul, Gibson, Irby, Allen, and Huggins.

# PUBLICATIONS BOARD

The Board of Student Publications, set up in the fall of 1936, is composed of four faculty members and five student body members who have absolute control over the selection of editors and business managers for the three campus publications. The Board also keeps the finances of the three periodicals under close surveillance. "How do you spell . . ." . . . "What changes do you plan to make, if any?" . . . "Approximately how many hours have you spent working on the . . .?" Then the voting . . . and some poor soul is selected . . . Mid-semester financial reports . . . bonuses, if any . . . salary.

# THE AMERICAN

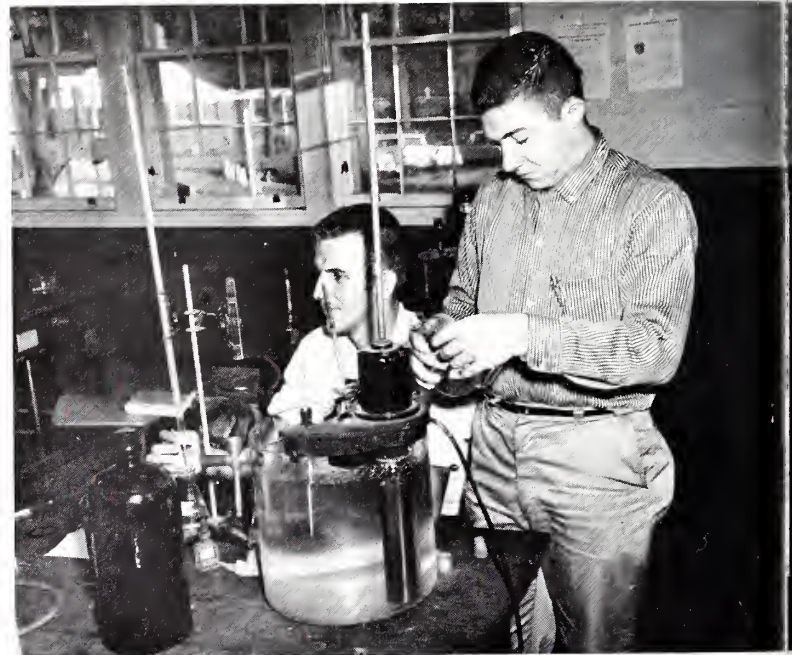

The Wofford chapter of the A.C.S. is an affiliate with the national organization. Its charter was obtained in 1949 due to the efforts of Dr. James C. Loftin.

One of the main projects of the organization is the annual Spartanburg County Science Fair which attracts high school science enthusiasts from all surrounding schools. It is a very sound

program that encourages scientific curiosity and individual participation in projects while the student is in high school. As a byproduct, it also brings the better students of the county into direct contact with Wofford College and thusly adds to the prestige and attraction of the school.

# PHI BETA KAPPA

For over a century and a half, election to Phi Beta Kappa has been a recognition of intellectual capacities well employed, especially in acquiring an education in the liberal arts and sciences.

PHI BETA KAPPA was founded December 5, 1776, at William and Mary, in Williamsburg, Virginia. It was the first society to have a Greek letter name. From that small beginning in one of the cradles of the American nation and in its transplantation to another cradle of the American nation, the colleges of New England, the society has spread out and covered the entire nation and become one of the most respected societies in the world. Over one hundred and fifty chapters are now in existence.

The Wofford Chapter of Phi Beta Kappa, Beta of South Carolina, was chartered in January of 1941. The charter was granted to the holders of the key who were officially connected with the school at the time. It is one of two chapters in the state, the other being at the University of South Carolina. During the past decade, the local chapter has held firmly to the high ideals and purposes for which Phi Beta Kappa was founded.

# WHO'S WHO

## IN AMERICAN COLLEGES AND UNIVERSITIES

A flexible number of outstanding Seniors are chosen each year by a special committee of administration, faculty, and student members, to appear in the annual publication of *Who's Who in American Colleges and Universities*.

The purpose of *Who's Who* is to serve as an incentive for students, to get the most out of their college careers; as a means of compensation to students for what they have already done; as a recommendation to the business world; and as a standard of measurement comparable to such agencies as Phi Beta Kappa and the Rhodes Scholarship Award.

## BLUE KEY

Blue Key is a national honor fraternity dedicated to the ideals of leadership, scholarship, and service. Those Juniors and Seniors who, through their outstanding character and ability, have realized these ideals are chosen each year for membership.

The Wofford College chapter of Blue Key is noted particularly for two of its current projects, the Student-Faculty Directory, and the Wofford-Presbyterian College Sportsmanship Annual Trophy.

# PI GAMMA MU

The purpose of Pi Gamma Mu is to improve scholarship in the social studies and to achieve synthesis therein; to inspire social service to humanity by an intelligent approach to the solution of social problems; to engender sympathy toward others with different opinions and institutions by a better mutual understanding; and to supplement and to support, but not to supplant existing social science organizations by promoting sociability and attendance at meetings.

# SIGMA DELTA PSI

Sigma Delta Psi was founded at Wofford in 1950. The national honorary athletic fraternity which recognizes all-round ability in athletics has been one of the most exclusive groups on the campus since its beginning.

To qualify for membership a man must pass fifteen tests prescribed by the department of physical education. The tests include the hurdles, the dash, the football and baseball throw for distance and accuracy, and swimming.

Through the years the group has had a continuous existence with a membership of less than ten men. Sigma Delta Psi is represented on the faculty by Coach W. W. Scheerer, Librarian Herbert Hueks and Dean Philip S. Covington.

MR. HUCKS PLAYS HOST in the canteen to student members Theron Cochran, Dickie Adkins, and Vic Campbell, the most versatile athletes on campus.

OTHER FACULTY MEMBERS who paused briefly for Mr. Willis, top, Dean Philip S. Covington and lower, Prof. W. W. Scheerer.

Approximately thirty students per year enter the stiff competition for selection to the highest honor attainable in the field of individual athletic ability. Theron Cochran, Dickie Adkins and Vic Campbell successfully compiled the necessary score to be inducted into Sigma Delta Psi.

## DELTA PHI ALPHA

Delta Phi Alpha, national honorary German fraternity, was founded at Wofford College. The Alpha Chapter was formed in 1929 by Dr. James A. Chiles and since that time many chapters have organized on campus across the nation.

Membership in Delta Phi Alpha is limited to those second year German students who have shown academic excellence and keen interest in the culture of the German people.

First semester membership included: Roy Johnson, President; George Maness, Vice-President; John Herbert, Secretary; Richard Robinson, Treasurer; LaMarr Smith, James Anderson, Capers Hiott, and Linwood Bradford. Second semester initiates were Robert Owings, Jimmy Cox and Franklyn Sanders.

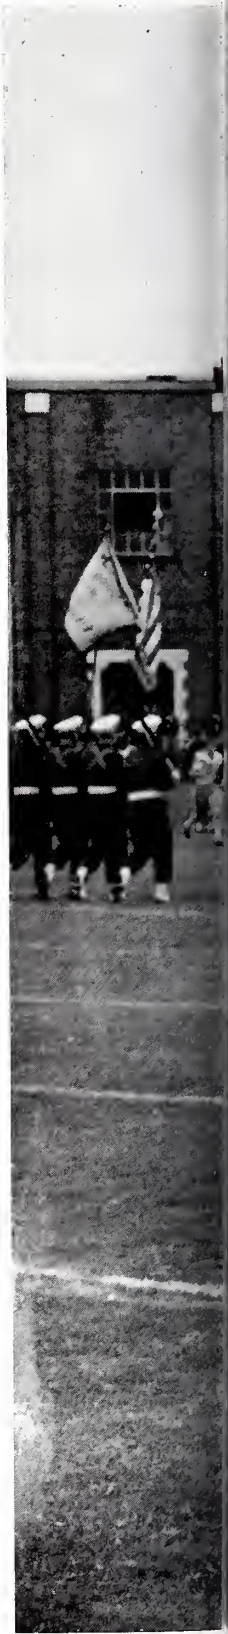

The Annual Delta Phi Alpha book award presented for highest accomplishment in German was presented to Jimmy Cox.

## HALL OF FAME

The Hall of Fame initiated by the student council under the leadership of President Jim Dunn seeks to recognize those men of outstanding athletic ability, who have through the years contributed to the prestige of the school's athletic program.

The first two men selected to the highest honor a Wofford athletic may achieve are "The Touchdown Twins." So billed, Charlie Bradshaw and Jerry Richardson became one of the most feared quarterback-end duos in small college competition during the 1957 and 1958 seasons.

## CHEERLEADERS

"Spell out Wofford and take it slow!"

Wofford has long been noted for its exceptionally good cheerleader units. Also, Wofford is known for little spirit at games other than The Citadel and this year a few basketball meets. These two factors mean that the Wofford men and Converse women behind the megaphones have a rough job.

Head cheerleader, Ebbie Shaw, and his group attended the majority of all athletic events. How much their effort aided the Wofford cause, no one really knows, but the players are known to respond to a spirited crowd.

## THE COACHES

In order to field a successful football team it is necessary to have a battery of coaches who have the knowledge of their field and the wisdom to adjust this knowledge to the potential of available men.

General publicity, alumni affairs, scholarship planning, and inter-squad relations make coaching one of the most difficult tasks in collegiate athletics.

Head coach, Conley Snidow, with the able assistance of Gene Alexander, end coach; James Brakefield, line coach and Bill McCarren, backfield coach, piloted the '59 Terriers to a respectable five wins and five losses.

# THE TEAM

Long before the student body returned for another year of study, some forty-four aspirant Terrier gridders were undergoing intensive training in preparation for a rough ten-game schedule. With only 14 returning lettermen, Coach Snidow was faced with the problem of replacing the famous Bradshaw-Richardson combination as well as developing depth in key positions.

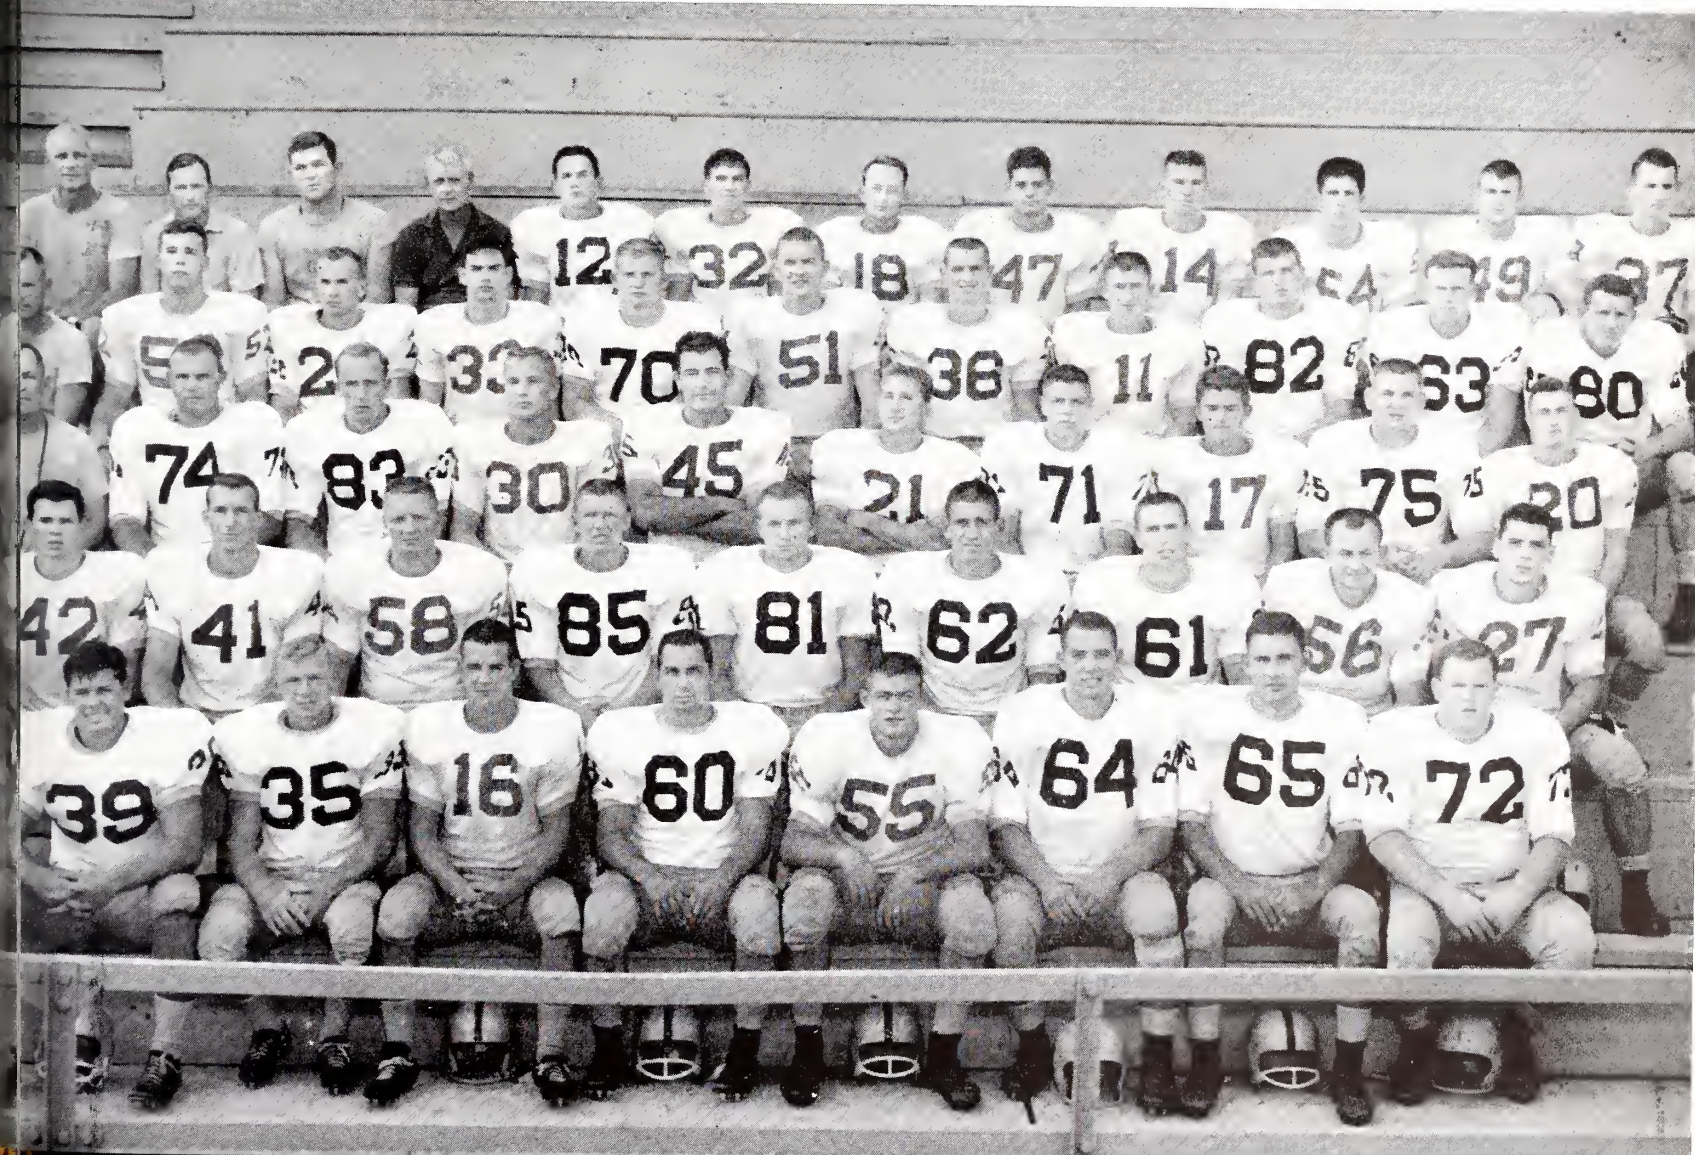

As the season progressed sportswriters began to refer to the "Eleven Iron Men," the first string men who carried the major burden of play. Injuries took quite a toll in the line and Benson never reached his optimum due to an injured leg.

Highlights of the year were downing favorites Furman and Davidson. The 1959 edition of the "Terrible Terriers" racked up a 5-5 season and will be remembered as a team that fought against odds and won.

"SKIPPER" makes a last effort to look good on the Monday nite flick where everything is "clear as a bell".

WHITLOCK rolls for six points (but it was called back).

BURNETT finds the defense "tight" on a quickie pass . . . and the ground hard!

### "I" DEFENSE

The opening game of the season against Lenoir-Rhyne proved the strength of the Terrier line as it stopped the Bears with an "I" defense for only 93 yards on the ground.

Wofford's lone tally came in the first half following a 56-yard drive highlighted by nice gains made by Benson, Drawdy and Whitlock who plunged over from the two.

A series of passes, followed by McClamrock's two-yard sneak and Farmer's PAT tied the score early in the second quarter. A McClamrock to Farmer pass with McCrorie's PAT set the final score.

### FIRST WIN OF THE SEASON

Jackie Drawdy and Jim Benson reached into the scoring bracket as the Terriers copped their first victory of the season by defeating Elon 14-0. Wofford's line play and Whitlock's sparkling performance at quarterback provided their first home game with much action.

Ends Hoyt Burnett and Don Jones played outstanding ball on defense and blocked well down field on offense.

Benson's two-yard plunge was followed in the fourth quarter by a 38-yard dash for the stripe with Drawdy carrying.

The Fighting Christians were unable to move without their ace passer, Charlie Maidon, who sat the game out due to an injury suffered the previous week.

"TEDDY BEAR" had much to yell about . . . the first half, then P. C.'s two platoons made their "Bowl Bound" team roll.

### RESPECTABLE LOSS

Wofford exploded its big guns in the initial quarter to build up a huge 19-0 lead but ran out of ammo' in the second half as Presbyterian's bowl-bound Blue Hose battled back to finesse the Terriers 27-19 at Clinton.

Halfback Jackie Drawdy sped 91 yards early in the first quarter for the Terriers' initial score. Later in the same period quarterback Gary Whitlock reeled off a 35-yard scoring dash followed by a one-yard scoring plunge by halfback Jim Benson. Center Dick Weber accounted for the lone Terrier extra point.

But Presbyterian, destined for a crack performance in St. Petersburg's Tangerine Bowl in December, battled back and cut the margin to two touchdowns at the half. Then the PC'uns punched across three more scores in the final two stanzas to ice the game.

The game was marked by heated play on both sides. But the most unusual aspect came when one of the officials booted Terrier guard Ron RiBuono out of the contest on a slugging foul which never occurred. The disputed play came in the second quarter and the leadership of Terrier Captain was missing in the vital second half.

DRAWDY'S SPRINTS against P. C., one of them for 91 yards, picked up a total of 134 yards.

WOFFORD

BRAKEFIELD'S BOYS made the going mighty rough as they allowed only 119 yards on the ground. Actually, only 29 yards, see write-up.

DR. SAM . . . Wonder how many Homecomings he has seen?

### DAMP VICTORY

An eight-to-eight tie reflected a grinding Terrier offense and a "fluke" 80-yard "who's got the ball" run by Tampa when the rains descended at half-time. Tampa scored first on an eight-yard run started by fullback Gould who lateralled to halfback Lyle who went the remaining 65 yards. After the return kick-off, the Terriers, whose parents were in the stands, decided to move. And move they did. Drawdy flashed off tackle down to the Tampa one-yard line where he was knocked out of bounds. Whitlock nosed over for the score. "Shades of Bradshaw," he found a hole and spurred for the PAT.

Homecoming Ceremonies were cancelled as the "Spartanburg showers" drenched the stands. A muddy second-half and wet ball lead to the final score. Daniels intercepted a shaky Tampa pass and returned it fifty-three yards to the opponents four. After one play, Daniels completed his task on a dive play. The extra point attempt failed and the final score was 14-8.

#### COLD, COLD GAME

Wofford's hard-luck Terriers fell victim to East Tennessee State, 18-8, in a game played before a handfull of spectators chilled by a 40-degree rain. When hot coffee was the order of the day, during half-time, the ball game was tied at 8-all, but Coach Starr Wood's charges returned for a ten-point final period.

The Terriers scored their lone TD in the first period, starting from the Wofford 46 and requiring but eight plays. Halfback Jackie Drawdy climaxed the drive with a 15-yard burst over tackle. He also ran the extra point over for two.

#### END OF AN ERA

Jackie Drawdy, scatback from Eutawville, was the only Terrier who was able to find paydirt against a beefed-up Cadet line. His two-yard run drew first blood in the final Citadel tilt at Orangeburg. Wofford's offense moved well against two Citadel teams in the opening quarter, rolling eighty yards to set up Drawdy's score.

Tremendous manpower shortage, heat, and a determined Citadel were too much for the Terriers as the cannon boomed six times. The Citadel's artillerymen found that, their five-year store of powder could not be exchanged for the coveted Orangeburg Trophy long hence displayed in Andrews Field House. They won the battle but lost the campaign!

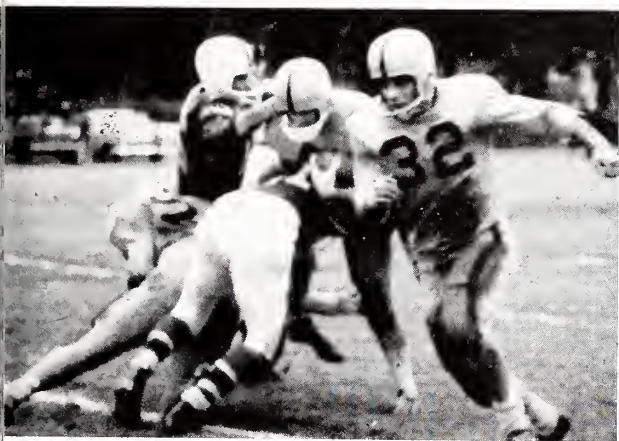

MOST OF THE ELEVEN ironmen got to play a lot at Orangeburg, didn't they, Don?

### THE TERRIER'S "BEST GAME"

The few Wofford students who cut classes to see the Davidson game were not disappointed. They witnessed what Coach Jim Brakefield termed as the Terriers best game. In downing the Wildcats 27-20, the backfield moved at will gaining 256 yards rushing while a stubborn defense allowed only 128 yards on the ground to Dole's Eleven.

Gary Whitlock posted his best performance of the season, scoring twice, one of which was a fifty-yard broken field jaunt that brought the crowd to its feet. Bob Roma and Jim Benson added six points each and Weber's toe plus Burnett's agile hands on successful PATs sealed the fate of Benson-less Davidson.

The forward wall, inspired by Wally Henderson's impressive play succeeded in stopping a mass of seatbacks but Davidson took to the air. Their brilliant passing carried them to the stripe three times but finally the Terrier's defense jelled and stymied a last-minute attack to carry the game.

ROMA show big "32" to the Davidson fans on an end sweep.

### EXCITING UPSET

Wofford's 6-3 upset over Furman showed the results of many hours work on the Terrier's highly criticized weakness—pass defense. Furman's Billy Baker, purported to be one the finest passers in the Southern Conference, completed only one in six attempts.

Furman called on field goal expert Shelly Sutton, after finding their offense was unable to penetrate beyond the Terrier fifteen. Sutton split the uprights for the Hurricane's only score.

When Furman threw a nine-man line on Whitlock to stop the power running of Jim Benson, Tom Williams and Bob Roma, Gary took to the air. He connected with Campbell twice carrying the ball down to Furman's eight-yard line. The next toss was to Don Jones who made one of the finest catches of his career for the tally. The PAT wasn't successful and with a little rear-guard action against Angelica, the Wofford team celebrated win number four in the showers and over post-game steaks.

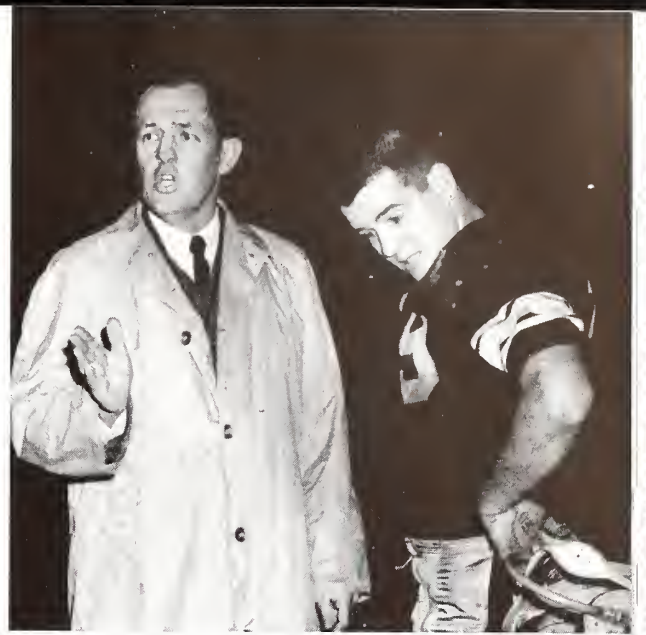

CAMPBELL soars up for one but it was jarred from his hands. Nevertheless, he pulled in three when they really counted.

JONES pulls in the lone TD surrounded by six defenders. (Count 'em.)

BURNETT makes like a vice as he fights for the ball.

THEY WENT that-a-way.

### DAD SAW OFF NIGHT

The parents of Wofford men who had read about the Terriers two upset victories over Southern Conference foes might not have been so eager had they seen Newberry's scouting reports. The Indians boasted a line that averaged 199 pounds and their backfield contained the state's high scorer, Richard Seastrunk. Brakefield had noted that it was practically the same team that defeated Wofford 21-13 last season.

The Wofford offense wasn't able to move on the ground and Newberry's speedy backs discouraged passing. Every team has an "off night" and this was definitely the Terrier's worst performance.

Half-time festivities included the presentation of the "Miss BOHEMIAN" candidates, introduction of the fathers of football players, and the honoring of Mr. and Mrs. Edward R. LaTorre as "Parents of the Year."

WILLIAMS fakes one Indian and then begins to look for the wide open spaces.

**A LAST TASTE OF VICTORY**

Halfback Glenn Bass took the opening kickoff back 97 yards to give East Carolina a six-point handicap with only forty seconds down in the first half. The Pirates then booted the PAT to set the score 7-0. The Terriers settled down to the business at hand and moved 95 yards, climaxed by a five-yard Benson tally, to make the game interesting. Benson took the nod and fired across for the PAT to put East Carolina on the short end of 8-7.

Early in the second half Jackie Drawdy broke into the secondary, faked, and then scampered 34 yards to score. The Wofford PAT was fouled and the score remained 14-7.

As the season neared an end, Drawdy again made Snidow happy with a nine-yard dash to paydirt. Snyder field's electric scoreboard flashed 20-13, its final useage of the season.

The names of Jim Dunn, Dick Webber, Ron Di-Buono, Wally Henderson, Don Jones, Vic Campbell and Jackie Drawdy will go down in history with a 5-5 season. That's an average record. Wofford fans who know the game will remember a team that played a great brand of football against many teams that expected to win but were sadly disappointed by determined, "hard-nosed" Terriers.

BURNETT makes one of those plays that goes unnoticed. He turns Spate in, away from the sidelines and running room.

FRESHMAN BOBBY HIPPI, after playing in several games, finally caught Willis' eye.

## "The Great Awakening"

The 1959-60 season might be described as the "Great Awakening" in Wofford College basketball. It was a year chocked full of pleasant victory memories climaxed by a bid to the National NAIA Tournament in Kansas City, Mo. Taskmaster Gene Alexander utilized only five players through the majority of the season. Senior forwards, Bill Barbee and Captain Trap Hart paced the scoring attack over the regular season with 20.2 and 16.8 averages, respec-

tively. Sophomore center Bob Waldrop tallied 12.6 per game; while second year guards Boyce Berry and Charlie Cluff came through with 11.3 and 8.2 marks. Certainly Wofford's 21-5 mark over the regular season will go down as one of the big surprises of the 1960 sports scene.

The key to the awakening was a well-balanced team that had a tremendous desire to win. And a coach that knew how.

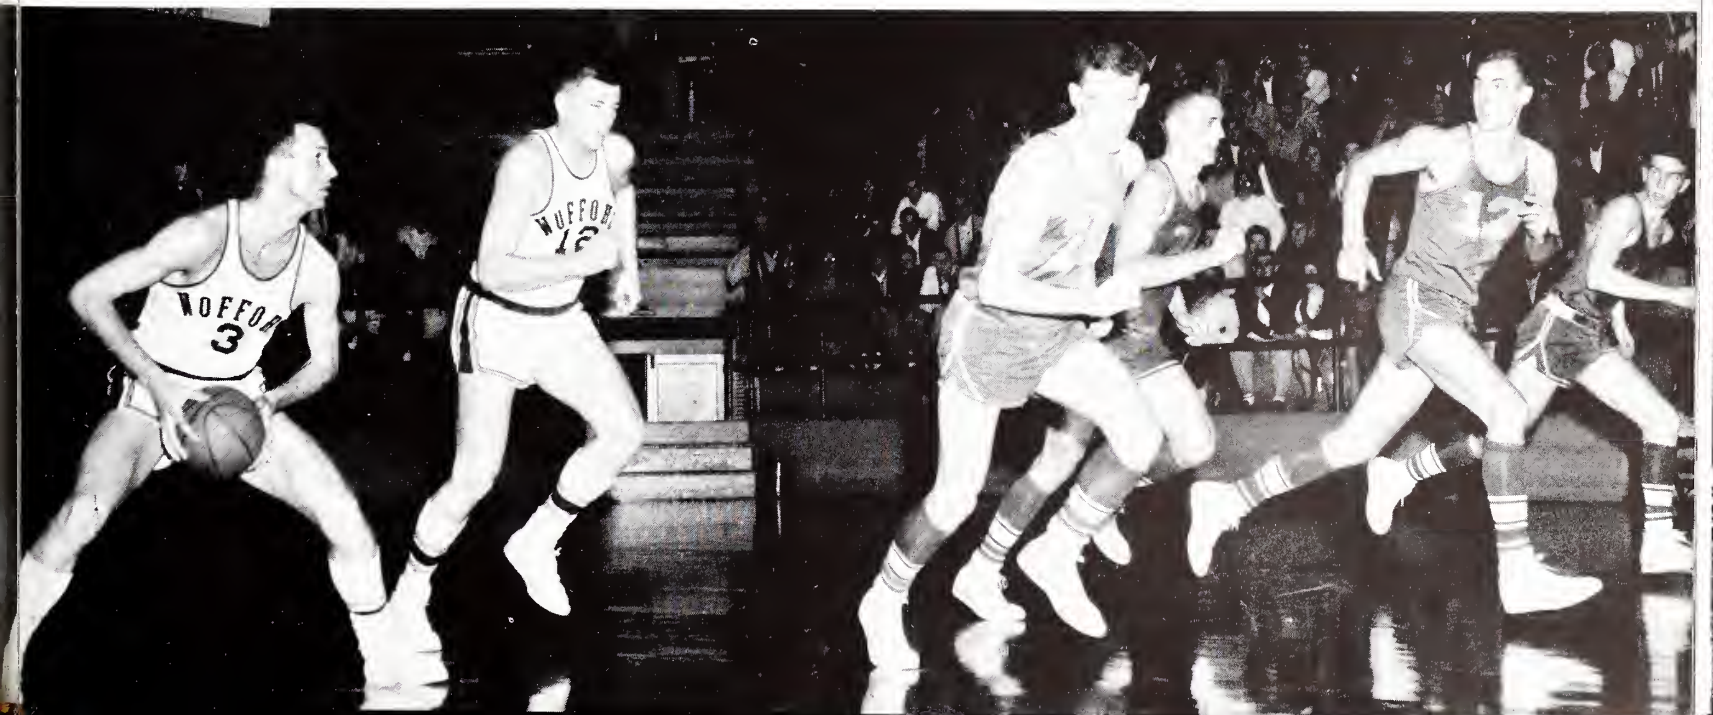

THE BACKCOURT MEN,  
Cluff and Berry, who ate up  
full court presses.

THEN there were the fans who finally realized that this was a team  
to cheer.

## 1960 BASEBALL

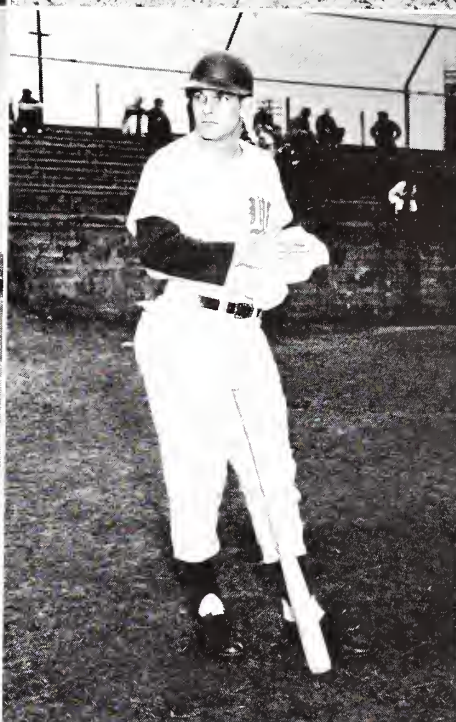

The Terriers moved into a thirteen-game schedule with nine returning lettermen. With Witherspoon, Curry, and Hardee on the mound, and team captain, Jim Shimkus behind the plate, the '60 Terriers had one of their most experienced batteries in recent years. Shimkus, Curry, DeBerry, Edwards, and Witherspoon provided the "big guns" and clutch hits for Brakefield's nine, while Berry again proved himself to be a prospect for All-State at first base.

In his seventh year of coaching and enjoying a 66-29 record at the first of the season, Coach Brakefield tutored his charges to another successful season.

MANAGER, "DOC" MORROW

Wofford was well represented on the links in thirteen intercollegiate matches and the State Tournament at Hampton. Veterans, Dargan, Brabham, Stokes, and Marshall paced the team throughout the season.

The team members most vivid memory of the season will probably be the first meeting of Presbyterian at the Laurens Country Club. While play was in progress, so was a sand dispenser. Several of the greens were so covered with sand that "it took a wood to putt a six-footer."

The golf team was coached by Prof. W. W. Scheerer.

BILL BELEOS returns a slam deep in his backcourt.

## TENNIS TEAM

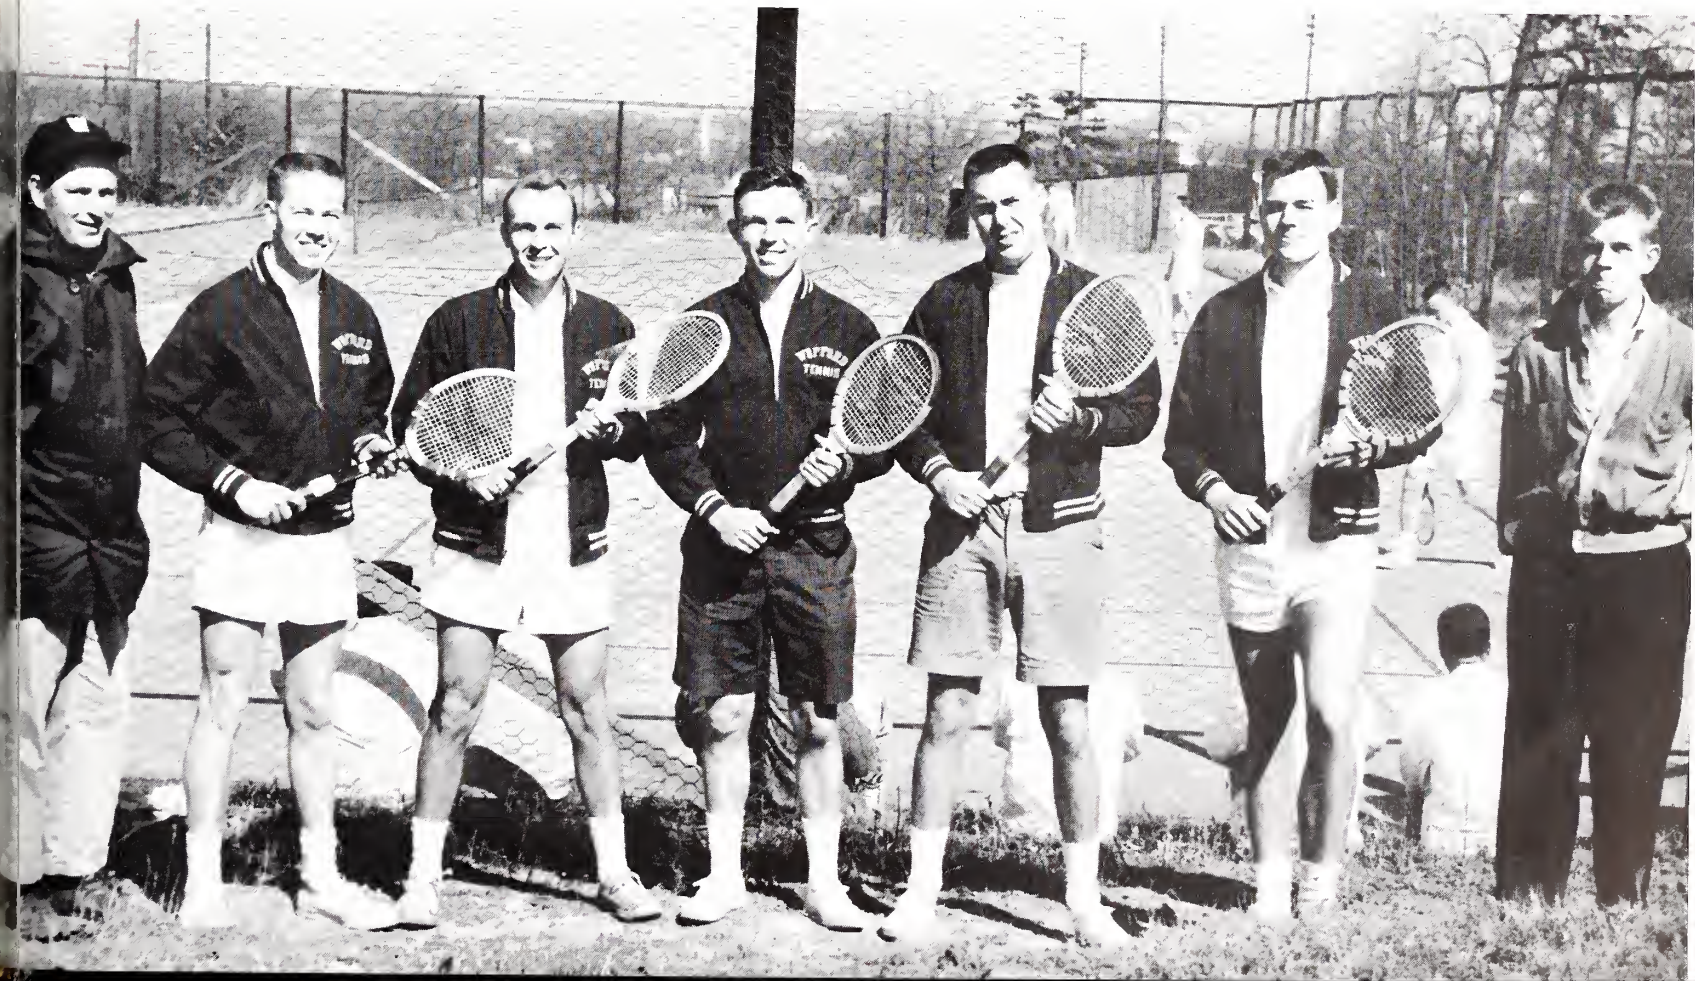

Under the direction of Coach Vernon Caldwell, Wofford faced a rough schedule of fourteen matches with only one returnee from last year's team. Bill Beleos moved up from number six man to number one as the netmen successfully defeated King College in the opener.

Snow and ice played an important part in the slow development of the Terriers allowing only two afternoons of cold practice before entering competition.

The Intramural program set up at Wofford under the watchful eyes of Coach Bill Scheerer, Mike Lindley, and Charlie Wade provides the many armchair quarterbacks and coaches an opportunity to display their various talents. Fraternity, independent, and day student teams compete very energetically (and vociferously) in football, blitzball, paddle tennis, basketball, softball, volleyball, and several other individual sports.

Kappa Sigma Fraternity capped dual victories in placing first in football and volleyball. Basketball honors went to dark horse Wightman-Greene independent's team. Sigma Alpha Epsilon carried all four of the top positions in paddleball with Russell Keller in the number one spot. Bobby McLain, Delta Sig "shark" downed four opponents to place first in pool competition.

NOTE the broad jump record set in 1959 by Boyce Berry . . . 20 feet, two inches. That's a right, b-r-o-a-d j-u-m-p!

WE INVITE COMPARISON

**DREHER'S  
DIXIE  
BRAND**

The advertisement features a large, detailed line drawing of a multi-story industrial building with numerous windows and a central entrance. Above the building, the brand name 'DREHER'S' is written in a large, bold, sans-serif font, with a large stylized 'D' to its left. Below the brand name, the words 'FINE MEAT PRODUCTS' are written in a smaller, all-caps font. At the bottom left of the building illustration, the text 'WE INVITE COMPARISON' is printed. At the bottom right, there is a diamond-shaped logo containing a stylized 'D' and the words 'DREHER'S DIXIE BRAND'.

*Modern as tomorrow*

are today's fixtures by Kohler

*The new Dynametric bath... the new Radiant lavatory*

And introducing them . . . the modern young matron, thrilled with her Kohler bathroom.

*The Dynametric* . . . balanced and graceful design . . . symmetrically enlarged bathing area for greater comfort, wide and flat for safety . . . gently sloped end for lounging ease . . . wide corner ledges for bath accessories.

*The Radiant* . . . circular with a deep bowl . . . fitted into a cabinet for convenient grooming.

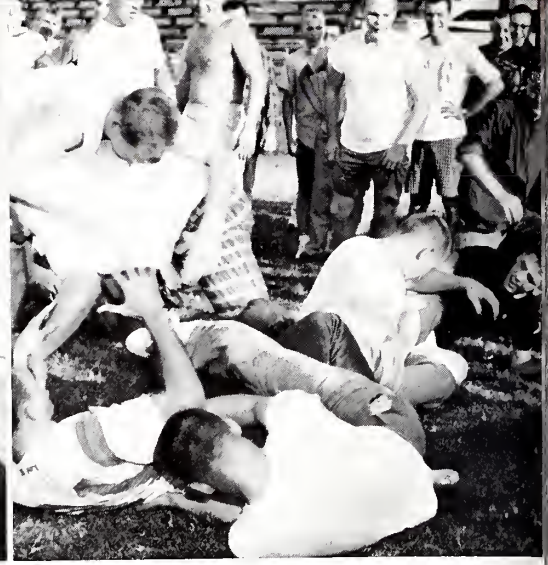

Sparkling enamel, in color or white, is wedded to the durable cast iron. And the chrome-plated Constellation faucets and fittings are all brass, the metal least subject to wear and corrosion.

Give your old bathroom the new look. And if you're adding a new bathroom . . . and convenience and value . . . to your present home, or choosing fixtures for a new home, consult your Kohler dealer. Write for booklet 25-C.
